## Boston A Finalist In Merit

Bill Boston, son of Mr. and Mrs. Fil Boston, and a senior at Murray High School, has been notified that he is a Finalist in the National Merit Scholarship competition.

The purpose of the National-Merit program is to identify and honor academic excellence among secondary school students. The program has existed since 1956. The selection of about 3,800 winners of Merit Scholarships is now in progress. All Merit Scholars will be chosen from a group of 14,000 Finalists.

While at Murray High, Boston has excelled in mathematics and speech activities. Finalists will be notified by May 7.

## Art Workshop Set At Guild

T. Max Hostetler, Associate Professor of Art at Austin Peay State University, Clarksville, Tenn., will conduct a workshop demonstration on "How To Start Paintings" at the Murray Art Guild on Thursday, April 8, from seven to ten p.m.

A fee of three dollars will be required of nonmembers of the Guild. For information call the Murray Art Guild.

This workshop is sponsored by the Murray Art Guild and the Kentucky Arts Commission National Endowment for the Arts.

## Missing Girl Is Located

Thirteen-year old Sue Hodge, missing since Saturday, is reported in custody of Calloway County Juvenile Officers; it was reported this morning.

The girl was located with another juvenile, who is also in custody. Miss Hodge had been the subject of an area search by local law enforcement authorities since Saturday.

## Howard Hughes: A Mystery In Death As Much As When Alive

HOUSTON (AP) — In his death, Howard Robard Hughes was as much a mystery as he was in life.

Hughes, billionaire industrialist and aviation pioneer, died of a stroke Monday on a private jet en route from a seaside Mexican resort to a hospital in Houston, where his parents are buried and where he was born 70 years ago.

From the age of 19, when he inherited his father's tool company, until his death, Hughes was an enigmatic figure.

Even after Hughes' death, the staff in the beachfront Acapulco Princess Hotel could not say for certain that he had been there, though he was said to occupy the entire top floor. The pilot who flew him on his final flight did not know he was to be their passenger until shortly before takeoff. And an unmarked ambulance met the plane.

Hughes amassed an empire valued at

### Sunny and Mild

Sunny and mild today and Wednesday, clear and cool tonight. High today in the mid to upper 60s. Low tonight in the lower 40s. High Wednesday in the low 70s. Thursday continued sunny and mild.

Three Murray Civitan Club members review a variety of activities available at the 56th Annual Convention of Civitan International June 20-24 at Acapulco, Mexico. The Civitans are Elbert Thomason, Murray president-elect; Coffield Vance, governor-elect of Kentucky Civitans; and Wayne M. Williams, past club president and Kentucky secretary-treasurer-elect. This convention will include leadership training and educational tours for its members. This trio of Civitans recently attended a Kentucky Civitan Council meeting at Florence.

KENTUCKY LITTLE MISS-1975, Miss Michelle McDougal of Murray, will turn over her crown Sunday afternoon, April 11, to the new Kentucky Little Miss of 1976. The pageant will be held in Lovett Auditorium on the MSU campus at 2:30 p.m. Miss McDougal, the daughter of Carol and Mike McDougal, represented Kentucky at the National Little Miss Pageant last June in Roanoke, Va. Michelle is an active member in the Sunday School of the First Baptist Church, a Rangerette in the Woodman of the World and is interested in singing, dancing and art projects.

The pageant is being sponsored by the Tau Phi Lambda Sorority of WOW and all proceeds will be used for community service projects. Tickets will be on sale at the door from 2 p.m. until the pageant begins. Ticket prices are, reserved seats \$3, adult general admission, \$2 and students (to age 14) \$1. Contestants will be judged by out-of-state judges using a point system. Treva Mathis will serve as mistress of ceremonies and Sandra Coleman's Twirling Academy will provide entertainment.

more than \$2 billion. His holdings over the years included hotels, gambling casinos, airlines, movie studios, spacecraft and electronics.

As Hughes body lay under guard in Methodist Hospital, a board of directors continued to run Howard Hughes' far-flung financial empire "as in the past," said Arelo Sederberg, spokesman for Summa Corp.

Summa was the umbrella corporation that was wholly owned by Hughes.

"It has been run by the board of directors and a three-person executive committee," Sederberg said. "It will continue to be run by that group. The company will continue to be a company."

The committee is composed of S.W. Gay, executive vice president of Summa; Nadine Henlev, Hughes' long-time secretary, now a senior vice president of the firm; and Chester Davis, general counsel for Summa.

Sederberg said he did not know who would be named executors of Hughes' estate or if the elusive billionaire had even left a will.

Sederberg disclosed that Hughes died of a stroke — "a cerebral vascular

accident."

After a fling in Hollywood and a stint as an daredevil pilot during the 1930s and 1940s, Hughes became more and more retiring.

He disappeared from public view in the 1950s, conducting his businesses from a series of sealed-off hotel suites.

Methodist Hospital in Houston was told Monday morning at 9 a.m. that Hughes was flying there for treatment.

Two doctors, two nurses and four assistants came to Houston International Airport in an unmarked ambulance to await Hughes.

The pilots who flew the ailing Hughes from Acapulco to Houston were hired Sunday night in Fort Lauderdale, Fla.

Roger Sutton and Jeff Abrams said a Florida doctor chartered the Lear jet from an ambulance aviation service. They arrived in Acapulco early Monday morning, but only after sitting on the runway for five hours were they told that their passenger would be Howard Hughes.

Hughes looked "like a tired, worn-out old person" when he was carried aboard the plane on a stretcher, Abrams said.

Sutton said Hughes had a thin beard, long greyish hair and looked "very wasted" and "very, very pale."

At the Houston airport, authorities had been alerted that a private plane was coming in with a sick man aboard.

But when the plane arrived about 2 p.m., Hughes was dead.

The doctors accompanying Hughes said he died about half an hour before the plane landed in Houston.

In Beverly Hills, Calif., Jean Peters, the actress who married Hughes in 1957, said: "I'm sorry; I'm saddened." Miss Peters, Hughes' second wife, divorced Hughes in 1971 after a childless marriage. His first marriage, to Houston socialite Ella Rice, ended in divorce when he was 23.

## Golden Anniversary Of First MSU Graduating Class Slated

The highlight of the annual Murray State University Alumni Association banquet on Saturday, April 24, will be the Golden Anniversary of the first graduating class to receive baccalaureate degrees from the university in 1926.

On hand for the event, to be held at 6:30 p.m. in the ballroom of the Waterfield Student Union Building, will be the six surviving members of the 12-member class from 50 years ago. They are: Evelyn Albritten, Martha S. Carter, Robbie T. Harrison, Blanche Y. Martin, Reba B. Miller, and Mary C. Williams.

Relatives of the six deceased members of the class will also be present for the event. Deceased class members are: Margaret L. Glasgow, Emma J. Helm, Murrell K. Moody, William E. Morgan, Walter B. Moser, and M. O. Wrather.

Other banquet activities will include presentation of the distinguished professor and distinguished alumni awards, honoring of university employees completing 25 years of service, presentation of alumni scholarship winners, and installation of new officers of the association.

The new officers to be installed are: Richard Lewis of Benton as president, Pat McCuiston of Pembroke as

president-elect, and Sid Easley of Murray as vice-president. James H. Johnson of Owensboro is the retiring president.

Five new representatives to the executive council will also be installed. They are: Rex Alexander, Murray; Floyd Burdette, Martin, Tenn.; Marilyn Mitchell, Lake City; Dr. William Rowlett, Hopkinsville; and Peggy Shroat, Smithland.

In addition to the other activities, the class of 1926 will hold its 25th an-

niversary.

Reservations for the banquet are \$3.75 per plate. Checks in payment for tickets should be forwarded prior to April 16. Tickets may be picked up at the entrance to the student union on the evening of the banquet.

Reservations should be addressed to: Alumni Office, Sparks Hall, Murray State University, Murray, Ky., 42071.

Further information may be obtained by calling the Alumni Office at (502) 762-3737.

## March The Best Month In 2 1/2 Years For Sales Of New Cars

DETROIT (AP) — March was the best month in 2 1/2 years for American new car sales.

The four big U.S. auto makers reported their March sales Monday, and the total — 815,477 — was the biggest since October 1973.

"It's clear that the spring selling season has arrived earlier and stronger than anticipated," said a Ford official.

The total was nearly 300,000 over March of last year, which was the worst March in 14 years.

General Motors posted the sharpest gain, with sales up 58 per cent from a year ago. Chrysler sales rose 51 per cent, Ford 44 per cent.

American Motors, hurt again by its concentration on small cars, reported a 6 per cent drop.

Similarly, sales of imports — most of which are small cars — fell 13.5 per cent from a year ago to 129,800.

## Gun Control Bill May Clear First Hurdle In Congress, Poll Reveals

WASHINGTON (AP) — A poll of House Judiciary Committee members indicates there now are enough votes on the panel to approve gun-control legislation and send it to the floor of the House for the first time since 1968.

Although any committee approval would only be the first step in the legislative process that includes Senate committee action, floor action in both chambers and either the president's signature or a veto battle, such approval would be a landmark because past guncontrol efforts have been defeated at that point.

Of the 34 members on the Judiciary Committee, there were indications that 18 members, the bare minimum needed for approval, would vote to send the legislation to the House floor.

Fourteen members declared outright, either personally or through staff members, that they would vote for the latest gun control legislation to be approved by a judiciary subcommittee. Two more said through aides that they leaned towards voting "yes," while the remaining two listed themselves as undecided. However, each of these four has consistently voted in favor of gun control proposals in the past. Furthermore, two members voted against another gun control measure recently now say they can support the latest version.

There was no word from Judiciary Committee Chairman Peter W. Rodino Jr., D-N.J., about when he would call a new meeting to consider the new legislation, although he is among the 14 supporters of the bill listed in the poll by a reporter.

Democratic Reps. George E. Danielson of California and Edward W. Pattison of New York, who voted against the bill on March 2, now say they can vote to approve the bill.

Besides Danielson, Pattison, and Rodino, those who say they will vote to send the bill to the floor are: Republican Rep. Robert McClory, Illinois; and Democrats Robert W. Kastenmeier, Wis.; Don Edwards, California; John Conyers Jr., Mich.; John Seiberling, Ohio; Robert F. Drinan, Mass.; Elizabeth Holtzman, N.Y.; Herman Badillo, N.Y.; Christopher Dodd, Conn.; William Hughes, N.J.; and Martin Russo, Ill.

Reps. Barbara Jordan, D-Tex., and Paul S. Sarbanes, D-Md. were described by staff members as leaning

towards "yes" but still in the "maybe" column. Both have consistently voted for gun control positions in the past.

The bill they would be asked to vote on is designed to do away with Saturday Night Specials by banning the manufacture, sale, importation and possession of those handguns. The bill also calls for reducing the number of firearms dealers in the country by greatly increasing license fees, and it calls for mandatory sentencing for using a handgun to commit a felony.

The legislation also calls for the creation of a national fire arms tracing center in Washington, designed to make it easier for law enforcement authorities to identify owners of weapons used in crimes.

The school calendar was amended to make up for lost days due to weather. The last day of school will be May 27, according to Supt. William B. Miller.

A grievance procedure for Title IX complaints was accepted, and Pupil Personnel Director Charlie Lassiter was named to handle grievances if and when they occur.

The firm of Florence and Hutcheson was selected to test the sewage treatment plants at the schools.

## Basketball Coaches At Calloway Resign

The resignation of David King, basketball coach at Calloway County High School for two years, was accepted last night at the regular meeting of the Calloway County School Board.

King's boys' team compiled a 5-20 record this year, and was runner-up in the district tournament. The Lakers won the district tournament last year.

No successor was named at last night's meeting for King.

Also resigning was David Lanier, girls basketball coach and teacher at Calloway County High School. Marianne Malone was named by the board to fill that vacancy.

In other action, the board heard a

delegation to discuss plans for a boosters club for athletics. After discussion of the topic, it was generally agreed that the group would take the initiative to organize a boosters club and report back to the board.

The school calendar was amended to make up for lost days due to weather. The last day of school will be May 27, according to Supt. William B. Miller.

A grievance procedure for Title IX complaints was accepted, and Pupil Personnel Director Charlie Lassiter was named to handle grievances if and when they occur.

The firm of Florence and Hutcheson was selected to test the sewage treatment plants at the schools.

BIKE-A-THON-DONATION — A. W. Simmons (left) of the Bank of Murray presents a check to Cystic Fibrosis county chairman Mike Brandon while Bill Boyd (extreme right) of People's Bank presents a check to Tommy Starks, owner of Spoke & Pedal. The checks were used to purchase at cost a 10-speed Cherry racing bike which will be awarded as the grand prize for the Cystic Fibrosis Bike-A-Thon which will begin at 9 a. m. Saturday, April 17, at Murray High School.

and Theodore Martin Braddock

Do Indian Men  
Make Better Lovers?

By Abigail Van Buren

DEAR ABBY: When a reader asked you if Indian men were superior to white men in the art of lovemaking, you suggested that he contact the Bureau of Indian Affairs or the American Indian Movement.

As the executive director of the American Indian Movement, I feel it is my duty to respond.

For the Indian, "love" does not begin when the lights go out or when pot or liquor is consumed, and it is not confined to the bedroom or any other hidden place.

The way in which the Indian treats his wife throughout the marriage is the key to making him a superior lover. His daily acts of kindness, consideration and respect for her demonstrates his love.

While we recognize that the sex act may send man's mind afloat for a few fleeting moments, it is but a minute part of the overall act of love.

The above code of behavior plus the Indian's respect for women have been passed down from father to son. I personally have 15 children and am an Ojibway Indian.

Very truly yours,

DENNIS J. BANKS

DEAR ABBY: May I answer Ed in East Illinois, who asked: "Is it true that closely guarded tribal secrets on how to please a woman are passed down from father to son, making Indians better lovers than white men?"

First the white man took all the Indian's land and some of his women. Now they want the Indian's "love secrets." No way! The Indian needs something to call his own.

HALF-BLOODED INDIAN

DEAR ABBY: Now I know why The Lone Ranger never got the girl. They all ended up with Jay Silverheels, that good looking Indian who played Tonto.

SEMINOLE IN FLORIDA

DEAR ABBY: Tell Ed, "Yes, there are many closely guarded, secret Indian lovemaking tricks." You will notice that divorce is very rare among Indians. That's because they know how to please their women.

Secrets like the "Apache grip" and the "Kickapoo twist" will never be sold or given away by a true Indian.

MIKE WHITEFEATHER IN SEATTLE

DEAR ABBY: In response to Ed in East Illinois: I have lived with a Mandan Indian for five years, and I wouldn't trade him for FIVE white lovers. He is the greatest!

LINDA IN MARYLAND

DEAR ABBY: I am one-half Indian and have had two Indian squaws, who both ran off with white men. Apparently the "closely guarded secrets" of lovemaking from the Indian side of my family were not passed on to me.

LONELY WOLF IN HOUSTON

DEAR ABBY: I am a 36-year-old white woman who is married to a 57-year-old Modoc Indian. We have been married almost nine years, and as far as I'm concerned, he has the white man beat all to heck.

I was married to two white men before so I know what I'm talking about.

M.N. FROM WASHINGTON

### Mrs. Claudia Carson Hostess For Countryside Club Meet

The home of Mrs. Claudia  
Carson was the scene of the  
March meeting of the Coun-  
tryside Homemakers' Club  
with Mrs. Sheila McGinnis  
presiding in the absence of the  
president.

Mrs. Carson presented the  
lesson on "Cancer and Its  
Warning Signs."

Notes on the new spring  
fashions were read by Mrs.  
Wanda Henry.

Announcements were made  
concerning the Homemakers  
Trip to Holly Springs, Miss.,  
on April 23, the Tasting lun-  
cheon to be on April 30 with  
members participating to  
send their recipe to the

Extension Office, Annual Day  
on May 7 at Colonial House  
Smorgasbord, and the  
Retirement Tea for Mrs.  
Barletta Wraether on June 20.  
Pamphlets on "Making  
Your Will" were distributed  
by Mrs. Sheila McGinnis. Mrs.  
Carson called the roll with  
members answering with  
what they enjoyed most about  
spring.

A salad luncheon was  
served with each member  
contributing a part of the  
salad.

Members present were  
Mesdames Claudia Carson,  
Sheila McGinnis, Marie  
Wyatt, Wanda Barrett, Dinah  
Westerman, and Wanda  
Henry.

### Plaques Find Dimension

Chicago (NFS) — Long  
before he gave up believing the  
earth was flat, man had  
determined that art did not  
have to be. From earliest times,  
sculpture has been among the  
world's most challenging and  
fascinating art forms.

Of particular interest is  
sculpture executed in relief,  
either high or low, a technique  
closely associated with  
architecture and furniture  
making. Among the oldest and  
most famous examples are the  
reliefs on the Parthenon of  
Greece, built in the fifth  
century B.C.

The use of relief sculptures  
on their own in the form of  
wall plaques is relatively recent.  
"ONE OBVIOUS reason for  
the growing acceptance of  
deep-dimensional plaques is the  
lack of interior architectural  
detailing in today's homes,"  
noted Mary Ann Wills,  
decorating consultant to  
Burwood Products Company,  
Traverse City, Mich.

What gives this kind of wall  
decor such strong appeal? One  
factor, Ms. Wills suggests, is its  
continuing relationship to  
furniture design trends.

Bridal Events Held  
For Debbie Tabers

Miss Debbie Tabers, April  
17th bride-elect of David Hill,  
was the honoree at three  
household showers recently.

On Tuesday, March 23, Mrs.  
John L. Williams, Mrs.  
Tommy Carraway, and Mrs.  
Dennis L. Jones were  
hostesses at a shower held at  
the home of Mrs. Williams.

The hostesses presented  
Miss Tabers with a corsage of  
blue and yellow daisies. Mrs.  
Rex Tabers, mother of the  
bride-elect, and Mrs. T. C.  
Hill, mother of the groom-  
elect, were presented cor-  
sages of white carnations.

Games were played with  
Mrs. Charles Miller, Mrs.  
Jack Wagar, and Miss Starlyn  
Tabers winning the prizes and  
presenting them to the  
honoree.

After Miss Tabers opened  
her many lovely gifts, refresh-  
ments of punch, cake, nuts,  
and mints were served from a  
table covered with a yellow  
cloth overlaid with white  
organdy and centered with an  
arrangement of spring  
flowers.

Twenty-five persons were  
present or sent gifts.

On Thursday, March 25,  
Miss Tabers was honored with  
a shower at the home of Mrs.  
Reuben Moody with Miss  
Susan Moody, Mrs. Joe  
Dalton, Mrs. Randy Lowe, and  
Miss Starlyn Tabers as  
hostesses.

The hostesses presented the  
honoree with a corsage of  
white daisies and red car-  
nations.

A game was played with  
Mrs. Wayne Blackford being  
the recipient of the prize and  
later, presenting it to the  
honoree.

After Miss Tabers opened  
her gifts, refreshments were  
served from a beautifully  
appointed table centered with

an arrangement of spring  
flowers.

Fifteen persons were  
present or sent gifts.

On Tuesday, March 30, a  
shower was held in honor of  
Miss Tabers at the fellowship  
hall of the Locust Grove  
Church of the Nazarene. Mrs.  
Alvis Jones, Mrs. Earl  
Tabers, and Mrs. Gerald  
Tabers were the hostesses for  
this event, and they presented  
the honoree with a corsage of  
white carnations.

Mrs. Fray Cunningham,  
Mrs. Jimmy Crick, and Mrs.  
Kenneth Cunningham won the  
prizes for the games that were  
played and presented them to  
the honoree.

After Miss Tabers opened  
her gifts, punch, cake, nuts,  
and mints were served from a  
table covered with a blue cloth  
and centered with an arrange-  
ment of blue and  
yellow flowers, the bride-  
elect's chosen colors.

Thirty persons were present  
or sent gifts.

### Youth Meet, Coldwater

The Murray Sub-District  
United Methodist Youth  
Fellowship met Thursday,  
March 25, at the Coldwater  
Church.

Presenting the program was  
Mike Atkins, instructor in  
Karate. The Coldwater UMYF  
was in charge of the program.

The attendance barter was  
won by South Pleasant Grove.

## GUESTS HERE

Dr. and Mrs. David McKee  
of Lexington and Miss Nancy  
Duiguid of Cincinnati, Ohio,  
were the recent guests of their  
parents, Mr. and Mrs. E.  
Duiguid, 803 Sharpe Street,  
Murray, and Mrs. Ed Filbeck  
and Mr. and Mrs. B. D. Hall.

FAMILY DINNER  
Meat Patties Potatoes  
Orange Beets Salad  
Cream Puffs Beverage

ORANGE BEETS  
One of our thirteenth vege-  
tables.

1-pound can sliced beets  
1/2 cup orange juice  
1 tablespoon honey  
1 tablespoon butter or  
margarine  
1 teaspoon cornstarch  
blended with 1 teaspoon  
cold water  
1 1/2 teaspoons grated orange  
rind

Drain liquid from beets and  
refrigerate for some other use.  
In a 1 1/2-quart saucepan heat  
the orange juice, honey and  
butter, stirring a few times.  
Add cornstarch mixture and  
cook over moderate heat, stir-  
ring constantly, until slightly  
thickened and clear. Add beets  
and orange rind; gently reheat,  
turning over beets a few times.  
Makes 4 servings.

### Auction Planned By Newcomers

An auction will be held at  
the meeting of the Welcome  
Wagon Newcomers Club on  
Thursday, April 8, at seven p.  
m. at the First Christian  
Church.

Lynn Johnson, president,  
said a professional auctioneer  
will be present to conduct the  
auction and the public is in-  
vited to attend.

### Xi Alpha Delta Chapter Elects Officers; Walker Is Speaker

The Xi Alpha Delta Chapter  
of Beta Sigma Phi met for its  
regular meeting on Thursday,  
April 1, at the Community  
Center on Ellis Drive.

Those elected as officers for  
the coming year were:  
President — Shirley Martin;  
vice president — Peggy  
Carraway; corresponding  
secretary — Mary Graves;  
recording secretary — Debbie  
Grogan; treasurer — Vicky  
Holton; extension officer —  
Linda Hodge.

The "Girl of the Year" was  
also selected with the an-  
nouncement to be made at the  
Founder's Day Banquet. It  
was voted to have the Found-  
er's Day Banquet at the Ken-  
Bar Inn on April 29.

Guest speaker for the  
meeting was Tommy Walker  
of the J. H. Churchill Funeral  
Home who spoke to the group  
on "funeral services." A  
question and answer session  
followed Mr. Walker's talk.

Refreshments were served

by Joyce Thomas and Janet  
Robinson, hostesses.  
Members present were:  
Rheanetta Coleman, Debbie  
Grogan, Joyce Gibson,  
Brenda Estes, Mary Graves,  
Sue Ann Hutson, Vicky Holton,  
Linda Hodge, Shirley Martin,  
Debbie Lyggs, Mitze  
Faulkner, Barbara Chilcutt,  
Barbara Williams, Helen  
Foley, Peggy Carraway,  
Janet Robinson, Rowena  
Emerson, Ila Brown, and  
Joyce Thomas.

## Celebration Planned

Mr. and Mrs. Chester Vied, Sr.

Mr. and Mrs. Chester Vied, Sr., of Gilbertsville will celebrate their golden wedding anniversary on Sunday, April 11, at the Bethel Baptist Church at Tatumville.

They will reaffirm their marriage vows at two p.m. at the church with an open house immediately following in the Church's Activity Building until four p.m.

Mr. and Mrs. Vied were married April 10, 1926, in Princeton by Rev. Randolph Lane. Their attendants were Mrs. Ella Lane and L. C. Morse. Mrs. Vied is the former Melville Glasgow, daughter of the late Lee and Molly Glasgow of Trumann, Ark. Mr. Vied is the son of the late Eugene and Elizabeth Vied of Kuttawa.

They are the parents of nine children who are Mrs. Faye Sample of Hazel Park, Mich., Mrs. Doris Greer and Harold Vied of near Kirksey, George Vied of Evansville, Ind., Mrs. Betty Phelps, Mrs. Rachel Cardwell, and Jerry Vied of Gilbertsville, Chester Vied, Jr., of Benton, and Leroy Vied of Calbert City. They have thirty grandchildren and nine great grandchildren.

All friends and relatives are invited to attend both the reaffirmation ceremony and the open house. Only out of town invitations are being sent.

## Your Individual Horoscope

Frances Drake

FOR WEDNESDAY, APRIL 7, 1976

Look in the section in which your birthday comes and find what your outlook is, according to the stars.

### ARIES

(Mar. 21 to Apr. 20)

You MUST give some thought to the future now. Be sure to let superiors hear, in one way or another, about the extra efforts you are making.

### TAURUS

(Apr. 21 to May 21)

In work matters, unorthodox methods will pay off and, rather surprisingly, others will see things your way.

### GEMINI

(May 22 to June 21)

Mercury generous. You now have a fine opportunity to show your adaptability and ability to think and act quickly in emergencies. Do avoid impulsiveness, however.

### CANCER

(June 22 to July 23)

Certain situations may seem more complicated than they are; others appear less complex but here's where caution will REALLY be needed. Don't be caught off guard.

### LEO

(July 24 to Aug. 23)

Do not become irritated if opposed. Consider: Maybe the other fellow's suggestions are better than you realize. Stress your innate sense of fairness.

### VIRGO

(Aug. 24 to Sept. 23)

Mixed influences stimulate your ambition and enterprise; also bring tendencies toward

stubbornness and chance-taking. Avoid! Conduct all negotiations diplomatically.

### LIBRA

(Sept. 24 to Oct. 23)

Independence of thought and action should be stressed, but don't arbitrarily reject unusual ideas. A different viewpoint could give your efforts new direction.

### SCORPIO

(Oct. 24 to Nov. 22)

Avoid that far-out limb which has neither been tested for strength nor offers good reason for examination. What fascinates is not always worth going after.

### SAGITTARIUS

(Nov. 23 to Dec. 21)

A favorable day for routine affairs, but care needed in financial matters. Don't speculate or gamble in any way.

### CAPRICORN

(Dec. 22 to Jan. 20)

Job matters are likely to conflict with personal desires, but accept the situation for the present. It will pay off later.

### AQUARIUS

(Jan. 21 to Feb. 19)

An original twist or a new method could brighten routine, but don't go to extremes or attempt the bizarre.

### PISCES

(Feb. 20 to Mar. 20)

A pick-up, a brighter set of stimulating influences. Yet there goes with this (as with Aquarius) an admonition to avoid extremes.

YOU BORN TODAY are endowed with a fine mind and great determination; are quite a scholar — always seeking new knowledge and the means to put it to use. You learn quickly, too; are keen about new trends and see many opportunities which others would pass by. The Aries is the true achiever and can reach the highest goals to which he aspires. You are extremely versatile and could succeed in a variety of fields, notably: art, literature, science, journalism, and statesmanship. Traits to curb: overaggressiveness and a strong tendency toward sarcasm. Birthdate of: William Wordsworth, poet; St. Francis Xavier, Apostle of the Indies; Walter Winchell, newspaper columnist and TV personality.

### EDITORIAL

## A Surgeon's Surgeon

A friend of ours was grousing the other day about modern medicine and modern doctors and modern technology.

One of our number was agreeing with him, until he stumbled across an item in a state journal that told of one of the ancestors of all surgeons.

The man made house calls, sometimes into other states, and it is because of him that a lot of people are alive today and the average age of Americans is away up in 70.

Ephraim McDowell didn't even have a medical degree during his lifetime. He did get an honorary one from the University of Maryland. McDowell, born in Virginia in 1771, came with his family to Kentucky in 1782. He studied at Staunton, Va. and the University of Edinburgh, Scotland, where he never finished his medical training.

But Ephraim McDowell was perhaps one of the greatest surgeons known to man.

He had an apothecary shop in Danville, and in the room behind was his office.

It was here that McDowell made medical history on Christmas Day, 1809.

A month before that, McDowell had gone to Green County to examine Jane Todd Crawford, who had a huge lump in her abdomen.

Doctors previously had said she was pregnant, until she passed her term without delivering.

That's when McDowell was called. He took one look at her and decided she had an ovarian tumor.

All cases were fatal, and the one or two years that patients lived were filled with never ending pain.

All medical knowledge of the day told him that to operate was impossible, because of the risk of peritonitis.

Yet, Ephraim McDowell was a bold and confident man.

He explained to Mrs. Crawford that her only chance was surgery. She allowed that anything short of suicide was better than the pain she was enduring.

Mrs. Crawford came to Danville and was operated on on a long wooden table. There was no anesthetic and so she recited Psalms. The tumor weighed 22 pounds. Mrs. Crawford lived to be 78. She was 47 at the time of the operation.

Dr. McDowell, the man without a medical degree, had made history and saved the lives of countless thousands of women.

McDowell did not write of his operation until eight years later, having little time or inclination for it. Even then, it established its operation as medical practice.

At this time of reflection on the nation's history, we can celebrate no man more than one such as Ephraim McDowell - healer of men.

### Garrott's Galley

## Four Weeks To Blacksburg! Shades Of The Pony Express

By M. C. Garrott

Mrs. Wen Gould, Hermitage Place, is about ready to turn the mails back over to the Pony Express whose hard-riding couriers could cover more than 1,950 miles between St. Joseph, Mo., and Sacramento, Calif., in as little as eight days.

Back in January, Mrs. Gould's daughter, Mrs. Wanda Lang, who lives in Blacksburg, Va., was expecting a baby. So, as good mothers do, Mrs. Gould wrote her daughter a post card telling her she would come to Blacksburg when the baby was born and help her for a few days.

The baby, Amy, was born on Feb. 11, and Mrs. Gould, keeping her word, hastened to make the 12-hour, 500-mile drive to be with her daughter and her family. The day after she got to Blacksburg, she went to the Langs' mailbox and there was the post card she had written her daughter from here in Murray more than four weeks earlier.

"When I noticed it was in my handwriting," she said, "my first thought was that it was a card I had written only a few days before to another daughter in Alabama. I thought I had mistakenly put Wanda's address on it. But, no! It was the card I had mailed from Murray weeks before. I could hardly believe it!"

That ought to start 'em saddling the horses!

++++++  
Mrs. Gould's father, Walter Insel, lives in Murfreesboro, Tenn., and is 78 years old. With seven children, 23 grandchildren and now 11 great-grandchildren, he doesn't exactly jump up and click his heels upon the news of another grandchild. Such announcements are old hat to him now.

### Funny

## Funny World

The old fashioned dining room set came with an armchair for the head of the family. We wonder how you would figure out where to put it at today's table. (Bill Vaughan)

A businessman was reading his paper in the evening while his wife knitted. "You might read to me while I knit," she sighed. "Why don't you knit to me while I read?" he suggested.

Modern technology is amazing. It designs electric wristwatch batteries so that they wear out during the night before an important appointment.

The fact that Mars doesn't appear to be inhabited is good news. It's getting pretty tough to stretch our wheat any further.

A person lives 12 years longer today than they did in 1900. You have to get your car paid for.

The bathrooms in the new FBI building in Washington have three knobs on the sink. . . Hot, Cold and Louder.

The Annual 4-H Club Spring Rally will be held at the Murray High School auditorium on April 7.

The Almo High School Chapter of the Future Homemakers of America held its Mother-Daughter Banquet with Wanda Taylor, president, presiding. Mrs. Lucy Lilly is chapter advisor.

Miss Ann Shroat who teaches in Garden City, Mich., is spending her spring vacation with her parents, Mr. and Mrs. Charlie Shroat.

### Bible

## Thought

And they that went before, and they that followed, cried, saying, Hosanna. Blessed is he that cometh in the name of the Lord. Mark 11:9.

When things are going well it is easy to cry praises unto the Lord. Do you praise Him also when the going gets tough?

### Today In History

By The Associated Press

Today is Tuesday, April 6, the 97th day of 1976. There are 269 days left in the year.

Today's highlight in history:

On this date in 1917, President Woodrow Wilson signed a Declaration of War between the United States and Germany.

On this date—

In 1777, Marquis de Lafayette's French volunteers arrived in America to assist in the revolution against Britain.

In 1830, the first Mormon church was organized by Joseph Smith at Fayette, N.Y.

In 1841, Vice President John Tyler was sworn in as the 10th American president after the death of President William Harrison.

In 1909, the American explorer, Robert Peary, reached the North Pole. In 1955, Sir Anthony Eden succeeded Sir Winston Churchill as British Prime Minister.

In 1965, the world's first commercial satellite, the communications satellite Early Bird, was launched from Florida's Cape Canaveral.

Ten years ago: The Brooklyn-born opera star, Maria Callas, gave up her American citizenship in an attempt to solve her marital and financial problems.

Five years ago: Composer Igor Stravinsky died in New York. He was 88.

One year ago: U.S. Embassy personnel were being evacuated from Phnom Penh as enemy forces carried out ground attacks seven miles from the Cambodian capital.

Today's birthdays: Conductor, composer and pianist Andre Previn is 47. Broadcaster Lowell Thomas is 84.

Thought for today: Imagination is more important than knowledge — physicist Albert Einstein, 1879-1955.

Bicentennial footnote: Two-hundred years ago today, the Continental Congress in Philadelphia resolved that any merchandise could be exported from the American Colonies except to British ports.

### Let's Stay Well

## Immunization Against Pregnancy

By F.J.L. Blasingame, M.D.

Researchers recently have announced success in immunization against pregnancy. Investigations of the technique are in the early stages of development, but could have far-reaching effects on world population if further studies clear the way for general use.

The team of New Delhi investigators, headed by G.P. Talwar at the All India Institute of Medical Sciences, made their report in a recent issue of Proceedings of the National Academy of Sciences. A summary was reported later in Science News.

The technique takes the approach of impeding conception by immunizing women against a hormone which is essential to pregnancy.

Human chorionic gonadotropin (HCG) is a hormone that is formed in the body within six to eight days after fertilization of the egg. HCG provides essential support for the corpus luteum, a yellow body of tissue which develops at the site

where the egg ruptured out of the ovary. Without HCG support, the corpus luteum is short-lived and is sloughed off in menstruation.

To carry out its support, HCG travels through the blood stream to reach and preserve the corpus luteum. HCG can be interrupted or inactivated by antibodies circulating in the blood if they could be specifically prepared to do so.

The problem was to develop a substance which would raise antibodies against substances considered "normal" and not "foreign" to a woman's body and to do so without upsetting other hormones.

A technique was worked out by taking a part of the HCG molecule, linking the part with tetanus toxoid (devoid of toxicity but used for years to produce immunity against tetanus or lockjaw), and injecting the material under the skin.

By this ingenious combination, the researchers were able to

develop immunity against lockjaw and HCG. Without this essential hormone, the corpus luteum cannot persist and supply the necessary hormone for attachment and growth of the fertilized egg, thus preventing pregnancy.

The procedure has been successful in mice and in women. It neutralized HCG up to one year without disturbing menstruation. The method appears theoretically safe because all other body functions continue in normal fashion. However, additional testing will be required.

Q: Mrs. S.D. says that she thought for years that dead teeth were hazardous to health. She is surprised that they are now kept after root canal treatment but wonders if such teeth may not be a source of trouble.

A: You are correct that in the past dead teeth were regarded as potential sources of trouble; they often abscessed and

removal was required to eradicate the source of infection. Modern dentistry has improved so that the dead nerve and pulp tissue can be removed to the tip of the roots; the space is sterilized and is filled with material that remains in place for years. The tooth is preserved, it remains free of infection, and it functions satisfactorily for years.

Q: Mrs. L.L. wants to know if a relatively new drug is available to prevent or lessen attacks of asthma, especially in children.

A: A drug, metaprotrenol sulfate (under the trade names Alupent and Metaprel), is available and used in long-term control of asthma in children. This medication is usually prescribed in a syrup which is easy to take. It contains no epinephrine. Clinical studies, one of which was reported in the Journal of the American Medical Association, generally have been favorable.

# ROT C Week Proclaimed

Standing (L to R): Cadets Douglas McCann, Frank Palkoska, Wendell Shelton, Sitting: Dr. Constantine Curris, LTC Johnnie R. Prichard.

Left to right: LTC Johnnie R. Prichard, Cadet James Porter, Vicki Heavener Miss ROTC, Judge Robert O. Miller, Cadet Richard Smothers, CPT David Carr.

Left to right: Cadets Douglas McCann, Wendell Shelton, Mayor John Ed Scott, Cadet Frank Palkoska, LTC Johnnie R. Prichard.

The week of April 4 through April 10, 1976 has been proclaimed ROTC week by Governor Julian Carroll, Mayor John Ed Scott, Judge Robert O. Miller and Dr. Constantine Curris.

LTC Johnnie R. Prichard, Professor of Military Science at Murray State, announced that many activities will take place during the week. The focal point of the proclamation period will be the annual ROTC Open House to be held on Thursday, April 8 in the parking lot of Roy Stewart Stadium.

Equipment provided by the 101st Airborne Division, the Kentucky National Guard and the Tennessee National Guard will be on display from 11:00 a.m. till 3:00 p.m. The equipment will include a UH-1H "Huey" helicopter, an AH-1G "Cobra" helicopter, an OH-58 "Kiowa" helicopter, an M-60 Tank, and assorted wheeled vehicles and communications equipment.

Murray State ROTC Cadets will spend Friday, April 9th on their annual orientation visit to Fort Campbell. They will take part in firing the M-16 rifle and a tour of the post facilities. The range firing will be supported by members of the 100th Division, an all Kentucky Reserve unit.

The ROTC Department at Murray State will also host an ROTC basketball tournament on April 9th and 10th at the sports arena on campus. Schools that will be represented are: Vanderbilt, U.T. Martin, Middle Tennessee, Austin Peay, and Murray State.

The photos on this page depict many of the activities of the MSU ROTC Department.

## PROCLAMATION

BY THE

MAJOR

OF

MURRAY, KENTUCKY

WHEREAS, The Army Reserve Officers Training Program provides leadership instruction at more than 290 of our nation's leading colleges and universities; and,

WHEREAS, Its purpose is to develop selected men and women for positions of responsibility as officers in the active Army and its reserve component; and,

WHEREAS, The efficiency and vitality of the Army depends to a great extent upon the high caliber of young officer accessions, more than half of whom are normally obtained each year through the ROTC program; and,

WHEREAS, Civilian executives and government leaders by the thousands have been ROTC members, among whom are the heads of many of the nation's largest business and industrial firms, members of Congress, Governors, and Ambassadors:

NOW, THEREFORE, I, JOHN ED SCOTT, Mayor of the City of Murray, do hereby, proclaim the week of April 4-10, 1976 as

ARMY ROTC WEEK

in the City of Murray and I urge all citizens to recognize this program.

DONE AT CITY HALL, in the City of Murray, this 24th day of March, in the year of Our Lord One Thousand Nine Hundred Seventy-Six.

JOHN ED SCOTT  
MAYOR

**THE SCOOP AND THE THROW** — Freshman third baseman Robin Courtney scoops up a shot at the hot corner and prepares to throw the ball to first base in action against Purdue Monday. The 'Breds ripped the Boilermakers 18-8 to complete a four-game sweep.

## 76ers Rally From Sure Loss To Grab Berth For Playoffs

By The Associated Press  
The Philadelphia 76ers, the worst team in pro basketball just three years ago, reached the National Basketball Association playoffs with a victory almost as amazing as Coach Gene Shue's lightning rebuilding job.

The 76ers beat the Houston Rockets 130-129 in overtime Monday night after overcoming a five-point deficit with 29 seconds remaining in regulation. A driving layup with two seconds on the clock by Lloyd Free tied the score at 121-121 and sent the game into overtime.

A goaltending call against Houston rookie Joe Meriwether with 2:33 left in the overtime sent Philadelphia ahead to stay. With 25 seconds left, the Rockets' Mike Newlin, an 87.1 per cent foul shooter, missed three in a row and erased Houston's last hope.

"It was a bummer," said Calvin Murphy, whose 36 points and 11 assists couldn't keep the Rockets from being eliminated from playoff contention. "It's tough to go home with no place to go."

Shue took over a Philadelphia team that had finished the 1972-73 season with a 9-73 mark, worst in NBA history. He promised a winning team — but even Shue didn't expect it this soon.

"I honestly didn't know how long it would take," said Shue. "Three years ago we were the worst in the history of the game. Last year we had a shot at the playoffs and didn't make it. This year we're a legitimate playoff team."

The victory moved Philadelphia into a tie with the Buffalo Braves for second place in the Atlantic Division. Whoever finishes ahead gets the odd game at home in the

two-of-three initial playoff series.

Steve Mix scored 33 points and grabbed 11 rebounds for Philadelphia and George McGinnis, whose signing from the ABA put the 76ers over the top this year, had 28 points, 19 rebounds and eight assists.

**Bucks 102, Bulls 97**  
First-place Milwaukee stretched its lead to 2½ games over Detroit in the Midwest Division by beating Chicago behind 28 points by center Elmore Smith. If Milwaukee finishes ahead of Detroit, it gets the home advantage in the odd game of their best-of-three series.

**Bullets 133, Hawks 105**

Washington moved to within two percentage points of first-place Cleveland in the Central Division by handing Atlanta its 15th consecutive loss. Phil Chenier led Washington with 31 points.

Cleveland is now 46-32, Washington 47-33. The winner of that race gets the home-court advantage for their best-of-seven playoff set.

**Nets 104, Spurs 102**  
Brian Taylor, the only Nets starter to play more than one period, scored 29 points, including two free throws with four seconds left which were the margin of victory.

**HEAVY HITTER** — Freshman Robin Courtney of Evansville slammed four hits in four trips to the plate Monday to raise his season batting mark to .378. Courtney also scored four runs in the contest.

## Seaver To Become Top Paid Hurler In History

FORT LAUDERDALE, Fla. (AP) — Tom Seaver can take off the black hat. He's back in the family. His long, bitter holdout is over.

Seaver reached agreement with the New York Mets shortly before midnight Monday on a three-year contract which the Mets say will make him the highest paid pitcher in baseball history.

"Tom Seaver becomes the first pitcher in baseball history to make \$200,000 a year," said M. Donald Grant, chairman of the Board of the Mets.

There have been reports

that Ferguson Jenkins will be paid \$200,000 by the Boston Red Sox this season, but Grant termed that figure inaccurate.

"This is the highest salary a baseball player has ever been paid to pitch," Grant said of the accord with the 31-year-old right-hander, who compiled a 22-9 record last season and won the Cy Young Award as the National League's premier pitcher for the third time in his stellar career.

Seaver had been asking for \$800,000 over three years, and had told the Mets that if he did not get what he felt he was worth he would consider playing out his option. Such talk is unheard of among the Mets organization, which prides itself on maintaining a happy family image.

Seaver, one of the most visible members of the Major League Baseball Players Association during the labor negotiations this spring, became the first official holdout in Mets history. He accused the team of trying to make him look like a villain, between his holdout and his union activity, but said he had to go by his convictions.

"I can't wear a black hat the rest of my life," he said. "I have to answer to myself."

The contract dispute between Seaver and Mets' management became acrimonious, to the point where reports circulated that he was on the trading block. One story had him going to the Los Angeles Dodgers in a package deal that would have brought Don Sutton, among others, to New York, and Seaver said that at one point he was "90 per cent certain that I would be traded."

But the Mets backed off

from their hard line last week and made Seaver an offer, and the pitcher resumed negotiations with General Manager Joe McDonald. Trade talk all but disappeared.

Grant had said he would enter the talks only if Seaver asked for his presence, and Seaver did so over the weekend. They met for one hour 40 minutes before and during the Mets' exhibition game against the Yankees Monday night, and finalized their agreement after a 15-minute post-game session, bringing Seaver back into the Mets' family.

"We agreed to terms verbally," said McDonald. "We have to work up the contract itself. We need some time on that, but we have a complete understanding."

Seaver, meanwhile, said he was happy to rejoin the clan.

"I'm glad it's all over," he said. "It's been a very trying six weeks. I found it very difficult to concentrate on pitching my last few starts. I don't think there's any doubt that it'll help our entire ballclub knowing this situation is over."

While precise salary terms were not disclosed, Grant's statements indicate Seaver will get at least \$200,000 for 1976. He presumably will receive a raise in each of the next two years.

**GENERAL**  
SYDNEY, Australia — Boxer Chuck Wilburn of Cleveland, 22, died without regaining consciousness after his fight with Australian Hector Thompson.

Freshman Third Sacker Has Perfect Day In 18-8 Rout

## Courtney Helps 'Breds To 16th Straight Win

By MIKE BRANDON  
Ledger & Times Sports Editor

What looks better than a Robin in the spring?

Johnny Reagan would be the first to tell you there's nothing that looks better than a Robin in the spring: a young fellow named Robin Courtney.

The highly-touted freshman third baseman from Evansville, Ind., slammed four hits in four times at bat Monday afternoon and played a large role in Murray State's 18-8 romp over Purdue.

There was never any question about Courtney's arm, range or fielding abilities. And after the first week of ball, there wasn't any doubt about the way he could hit.

With his four hits against Purdue, Courtney now has 34 hits in 90 official times at bat this spring for a .378 average.

Shortstop Stan Geisler made it a great day for the state of Indiana (except for Purdue) as he banged out three hits and drove home five runs. Geisler, a junior college transfer, is from Jasper.

Another Hoosier, sophomore righthander Scott Durham of Mount Vernon, got credit for the mound victory. The 'Breds scored six times in the first frame, five in the

second and after four innings, had 18 runs.

Durham ran into trouble in the seventh inning as Purdue did manage to get four runs. Durham gave way to reliever Curtis King who finished up.

Durham was charged with only two earned runs while

King gave up one.

Al Luigs opened the home half of the first for the 'Breds with a walk and Jack Perconte followed with a solid single up the middle.

John Siemanowski, who broke out of a slump with three hits, one of which was a

four-bagger, then singled to fill the sacks.

After one man was out, Gene Steuber walked to force in a run and the 'Breds led 1-0 with Courtney at the plate.

Courtney promptly rifled a two-run single driving in Perconte and Siemanowski, making it 3-0.

Marvin "Cowboy" Kiel then delivered one of the biggest blows of the game, a two-run triple.

Siemanowski opened the second inning by hitting a booming shot over the fence in dead center, the ball landing well over 380 feet away from the plate. Also in the frame, Luigs had a two-run single.

Murray banged out 18 hits in the contest while Purdue had eight.

The victory extends the Murray State winning streak to 16 games, six shy of tying the all-time mark set last year and of course, broken by Purdue.

Murray won a single game over the Boilermakers Friday, swept a pair Sunday and then won the single game Monday to get some revenge for what Purdue did last year.

The 'Breds now sport a 27-5 overall record, one of the best in the nation, and should be

moving up into the top 20 when the polls come out later this week. Last year, Murray State was ranked as high as 11th in the nation in Division I.

In the first poll this season, Murray was ranked 23rd but at the time, the record was not very impressive.

The 'Breds will be at Austin Peay for an important twinbill Wednesday. The Governors have their two best pitchers slated to go against Murray.

Dick "The Fonz" Allegretti will be hurling the first game against The Peay while Terry Brown will go in the nightcap. Then Saturday at Reagan Field, Murray will return the favor to the Governors by throwing stoppers Mark Wezet and Mike Roberts.

Next Tuesday, Murray plays at Vanderbilt and then on Wednesday, will be at Middle Tennessee for a crucial league doubleheader.

(Staff Photos by Mike Brandon)

## Brash, Cocky Tanana Ready

By ALEX SACHARE  
AP Sports Writer

Frank Tanana is confident, brash, cocky — and good. "I want to increase everything this season but my ERA," says the 22-year-old lefthander, who'll be the starting pitcher for the California Angels on opening day.

Improving on his 1975 figures — a 16-9 won-lost record, a 2.62 earned run average and 269 strikeouts, tops in the American League — won't be easy. But if Tanana's preseason efforts are any indication, don't bet against him.

In 15 innings he has not allowed a single earned run. His final tuneup before pitching the season opener

against Oakland Friday was against the Chicago Cubs Monday, and he allowed just four hits and one unearned run in seven innings.

The Angels backed Tanana's pitching with a 14-hit attack, highlighted by a three-run homer by Joe Lahoud and a two-run shot by Ed Hermann.

Three other opening-day probable pitchers also turned in impressive tuneups Monday. Lynn McGlothen went the distance as the St. Louis Cardinals routed the Boston Red Sox 10-3; Wilbur Wood pitched eight strong innings as the Chicago White Sox beat the Atlanta Braves 6-3, and Mike Torrez made his first appearance for Oakland and pitched six innings as the A's

defeated the San Diego Padres 7-4.

In other games, the Montreal Expos blanked the Kansas City Royals 6-0, Richmond of the International League shut out the Texas Rangers 10-0, the Philadelphia Phillies beat the Pittsburgh Pirates 8-6, the Cleveland Indians topped the Milwaukee Brewers 8-5, the Detroit Tigers beat the Cincinnati Reds 3-2 in 11 innings, the Houston Astros outscored the Minnesota Twins 12-5 in the first baseball game in the Superdome in New Orleans, the Los Angeles Dodgers defeated the San Francisco Giants 6-3 and the New York Yankees edged the New York Mets 3-2 in 11 innings.

McGlothen allowed just six hits and rode St. Louis' 18-hit barrage past Boston. "He's ready to open the season," observed Cards catcher Ted Simmons. "I don't figure on him going nine innings again," conceded Manager Red Schoendienst, "but he threw only 98 pitches."

Lou Brock and Don Kessinger had four hits apiece and Bake McBride three for St. Louis. McBride is hitting .567 in exhibition play.

Wood, the veteran knuckleballer, also gave up just six hits in his stint against Atlanta. The White Sox won it with three runs in the seventh on a sacrifice fly by Brian Downing and a two-run single by Jack Brohamer.

Torrez, obtained by Oakland from Baltimore in the Reggie Jackson trade, gave up three runs and eight hits in his six-inning stint and then was named by A's Manager Chuck Tanner as Oakland's opening day pitcher. Billy Williams' three-run homer in the bottom of the ninth provided Oakland's margin of victory.

Woodie Fryman and Dan Warthen of Montreal stopped Kansas City on two hits. Fryman, who has not given up a run in 13 innings this spring, allowed one single over the first five innings and Warthen allowed just one single over the final four.

George Beall and Daic Murphy hit three-run homers to help Richmond beat Texas. Dave Cash's two-run highlighted a five-run eighth inning that carried the Phillies past Pittsburgh. Rick Manning's three hits and three RBIs led the Indians past Milwaukee.

The Dodgers pounded John D'Acquisto for four runs in the fourth inning to defeat the Giants. Houston topped the Twins in the first baseball game ever played in the \$163 million Superdome in New Orleans, which drew a crowd of 10,073. Thurman Munson's RBI single in the 11th drove in the winning run for the Yankees. A bases loaded single by rookie Jerry Manuel knocked in the winning run for the Tigers.

In major signings, the Mets agreed to terms with Cy Young Award winning pitcher Tom Seaver on a three-year contract which the Mets say will make Seaver "the highest paid pitcher in baseball history," and San Francisco signed outfielder Bobby Murcer for a reported \$175,000, making him the highest paid player in Giants history.

Among the roster cuts announced Monday were pitcher Dennis Blair, by the Montreal Expos; veteran pitcher Claude Osteen and

By MIKE BRANDON  
Ledger & Times Sports Editor

Christmas is just a few more days away, ho-ho!

April 14 is the day for signing national letters of intent and that's when we'll know what the future holds for the Murray State basketball program.

Coach Fred Overton announced Monday night in the final meeting of the Thoroughbred Club four players who have signed Ohio Valley Conference letters of intent to play at Murray State.

One is a 6-7 junior college forward, a blue-chipper. Another is an All-State guard from Louisville, another an All-State guard from New Jersey and the fourth is a junior college player.

"We are going to have in Murray this weekend a kid who can turn the program around," Overton said. "If we can get him, along with what we've already signed, we are going to have a great recruiting year. I've been associated with recruiting for 10 or 11 years and this is the best so far," Overton said.

Overton also announced some of the schedule for next season. "We have 14 games at home, with Oral Roberts and Butler scheduled to be here. We open the season November 26 in a tournament at LSU-New Orleans then after Christmas, we play in the Nevada-Las Vegas Tournament."

"We think the schedule is definitely going to help in our recruiting. Also, there has been a rule change and we can sign as many players as we have scholarships available for," Overton said.

"You better make sure to buy a program because I don't think you are going to know very many folks on the team next year."

Overton also said the site for the post-season Ohio Valley Conference Tournament will be in Lexington at UK's Coliseum. All games, including the quarterfinals, will be played at the site. On the drawing board is the possibility of doing away with Saturday night conference games.

The suggestion was made by Courier-Journal executive sports editor Earl Cox last week in Bowling Green. Cox said that because the SEC schools all play on Saturdays and Mondays, the OVC could get more publicity if they would play conference games on Thursdays.

Overton also said the possibility of OVC television games looks very encouraging. Besides Overton, the rest of the spring sports coaches also talked at did head football coach Bill Furgerson. Here is a capsule summary of each report:

**GOLF**  
Coach Buddy Hewitt announced the OVC Golf Tournament will be held on a neutral site for the first time in the history of the event. "This does away with the home course advantage and I think we will get a clearer picture of who is the best team," Hewitt said.

Hewitt said his team is very young as three freshmen compose half the starting lineup. The only returning veterans are Kevin Klier and Mike Perpich. "East Tennessee should be among the top 10 teams in the nation. Our goal for the conference is to finish somewhere in the top five," Hewitt added.

**Laker Golfers Open Season With Victory**  
The Calloway County High School golf team opened its golf season Monday at the Oaks Country Club by winning a 222-227 match over Marshall County.

After nine holes, the two teams were tied at 166 apiece and three playoff holes were played to break the tie. Not including the playoff holes, scores were as follows: Kevin D'Angelo 38, Bobby Fike 42, Joe Janacek 42, Anthony Fike 42, Tommy Fike 44 and Greg Story 46.

The outlook for the Laker golf team this season is very optimistic. All the starters return from last season's team. Coaching the Laker golf team this season is Larry Paschall, who will be in his third year at that position.

Today, the Laker golf team will be at the Murray Country Club to meet Murray High in the Tigers' opening match of the season.

BASEBALL  
As usual, Johnny Reagan was quiet and also quite modest. "I'm not sure that this club is that good," Reagan said. "But nobody has ever told them that," he quipped.

Thus far, the Breds have reeled off 16 consecutive wins and stand at 27-5 for the season. As usual, they are ranked among the top teams in the nation.

"We have some good clubs in our league. The problem is we get pointed toward Austin Peay went to Middle Tennessee for a doubleheader Saturday. They lost twice to Middle but they saved their best pitchers to use against us Wednesday."

"Our players play with a great deal of pride. We have a tradition of winning and we don't settle for second too well," Reagan added.

**TRACK**  
"There are only 12 scholarships available in track," Coach Bill Cornell said.

"There are 17 events in a meet and you need three people in each event. So we have a tough time trying to compete against teams that have 40 people on their squad."

"We are not looking for the won-lost record. Instead, we try and focus on individual records and preparing for the conference championship, which is what most of you will remember next year."

Cornell said six records were broken over the indoor season, including school marks by senior sprinter Cuthbert Jacobs in the 300 and 440-yard dashes. In both events, Jacobs ranked among the best in the nation.

As far as the conference meet is concerned, Cornell said any one of five teams could win it this year. He included his own team in that group.

**TENNIS**  
Murray has got off to a 7-5 start on the season with wins over two SEC schools, Mississippi State and Vanderbilt.

"We have three new members this year," said Coach Bennie Purcell. "At number one we have Mikko Horsma who played here two years ago but returned to Finland. He was a member of Finland's Davis Cup Team."

"Our other new players, Roger Westfall and Jeff Leeper, are junior college transfers."

Purcell said regular season matches with conference teams no longer count toward the championship.

"Western Kentucky has about everybody back and they won it last year. Also, Middle Tennessee has to rank high since they have a lot of good people back. I'd say the other six positions are a tossup," Purcell added.

**FOOTBALL**  
Head football coach Bill Furgerson spoke about the recent spring game and looked ahead to next season. He also announced another

game has been added to the schedule. That game will be on September 4 against Southeast Missouri and will give the Racers an 11-game schedule. "In the spring game, we tried to split the squads evenly. I think a 0-0 game is as close to even as you can get."

Furgerson said 15 players off last season's team have graduated, two others decided not to come back and two others transferred to other schools.

"We will have almost a new team next year... only two seniors on offense and just four on defense."

"We will have a lack of experience, especially on the offensive line. If we can protect quarterback Mike Dickens, he'll do a good job. We have the same receivers back, except for Willie DeLoach who graduated."

"We're pleased with the running of redshirt Mike McConnell and we have some of the best athletes in the defensive secondary we've ever had."

"If you take our recruiting year just on the freshmen we've signed, I just don't know. But if you include the junior college people, I think we had a pretty good recruiting year," Furgerson

added.

In addition to the summaries by the coaches, officers for the coming year were elected. They include Pete Waldrop, president; George Oakley, first vice-president; Dwain Taylor, second vice-president; Karl Hussung, third vice-president; Stuart Poston, secretary; and James Rogers, treasurer.

**Rookie Of Year**  
FAIRFIELD, Conn. (AP) — Fairfield University's Joe DeSantis has been selected New England basketball rookie-of-the-year by the region's coaches.

The 6-foot-1 freshman guard from Tolentine High School in The Bronx, N.Y., led all freshman scorers in New England last season with a 16.8 points per game average.

DeSantis also led Fairfield in seven categories, including total points, points per game and assists.

**BASKETBALL**  
NEW ORLEANS — Roy Danforth, former head coach at Syracuse University, signed a three-year contract to coach at Tulane University.

EAST LANSING, Mich. — Jud Heathcote, coach at the University of Montana, was named coach at Michigan State, replacing Gus Ganakas.

## Basketball Recruiting Looks Bright

# Thoroughbred Club Has Final Meeting Of Year

Little Mike's in there pitching...

He wants to be a winner like his buddy, ace pitcher Jim Palmer. But he will need more than talent and ambition. Because Mike has cystic fibrosis, an inherited disease which strikes his lungs and digestive system.

Mike is one of millions of American children struggling to live with a lung-damaging disease. They need all the help they can get. Research can find the answers to their problems. Meantime, they need expert medical care to improve the quality of their lives.

They all want to be winners. Give them your help. Through your local Chapter of the National Cystic Fibrosis Research Foundation.

## Deaths and Funerals

### Funeral Rites Are Being Held Today For Mrs. Miller

The funeral for Mrs. Lora Miller of Benton Route Five is being held today at two p.m. at the Hamlet Baptist Church with Rev. John Stringer and Rev. W. S. Holt officiating.

Serving as pallbearers are Bob Ray, Teddy Wynn, Steve Wilson, Steve Downing, Michael Vann, William Jones, and Malcolm Lane. Burial will be in the Hamlet Cemetery with the Filbeck and Cann Funeral Home, Benton, in charge of the arrangements.

### Mrs. Miller, age 73, died Sunday at 8:30 a.m. at her home. She was a member of the Hamlet Baptist Church.

Survivors are her husband, Leonard Miller, Sr.; two daughters, Mrs. Jessie Washburn of Hardin and Mrs. Darla Dean Koerner of Clinton, Tenn.; three sons, Leonard Miller, Jr., William Miller, and Julian Miller, all of Benton Route Five; two sisters, Mrs. Dora Mobley of Benton and Mrs. Dolly Lovett of Benton Route Four; eighteen grandchildren; twelve great grandchildren.

### Mother Of Murray Woman Dies At Florida Hospital

Mrs. Helen Hill Winchester, mother of Mrs. Neale Mason of Murray, died Saturday afternoon at the Bay View Hospital, St. Petersburg, Fla. She was 86 years of age.

The deceased was the widow of Sidney H. Winchester and was a native of Boston, Mass. She had resided in the state of Florida for about fifty years. Mrs. Winchester was an active musician until her recent illness and had performed as a pianist and as an accompanist for programs in the St. Petersburg area. She had also booked artists for appearances.

Mrs. Winchester is survived by two daughters, Mrs. Neale (Dorothy) Mason of Murray and Mrs. Katharine Hall of St. Petersburg, Fla.; two grandchildren, Katharine and Robert Mason of Murray.

Funeral and burial services are being held today at St. Petersburg, Fla.

### Rep. Kenny Imes

will be the topic discussed at this Wednesday's UCM luncheon.

Kenny Imes, District I State Representative, will be the featured speaker. Imes has been State Representative for six years and is now in his third term of office.

The UCM luncheons are held from 12:30 to 1:20 on Wednesdays at 202 N. 15th St. The public is welcome to come to the meal and join in the discussion. For information and reservations, please call 753-3531.

## Robert Penn Warren To Deliver Address At MSU

Robert Penn Warren, a native Kentuckian who is the only American to have won Pulitzer Prizes for both fiction and poetry, will deliver an address in the C. S. Lowry Distinguished Lecture in the Humanities series at Murray State University on Thursday, April 8.

He will present a program of poetry reading and commentary to begin at 8 p.m. in Lovett Auditorium, followed by a question-and-answer session. The

Robert Penn Warren

public is invited to participate in the program sponsored by the College of Humanistic Studies on the campus.

Warren, who has achieved virtually every major-American literary distinction, will also participate in a panel discussion of fiction with four faculty members from the Department of English at 4 p.m. in the auditorium of Mason Hall (Nursing Building).

Students, faculty, and staff members, along with interested persons from off-campus who make arrangements by telephone through the Department of English (762-2401), may attend the afternoon program. A question-and-answer session will also be conducted at the conclusion of the panel.

English faculty on the panel will be Dr. Robert Usrey, moderator, and Dr. Thayne Anderson, Dr. Michael Miller, and Dr. Kenneth Tucker.

Warren, who was born in Guthrie, is that rarity among the country's men of letters who has achieved both critical acclaim and popular success. Though his works range through poetry, fiction, criticism, biography, and drama, his extraordinary versatility and vital literary accomplishments have focused on such basic and unifying themes as the meaning of history, the search for self-knowledge, the need for self-fulfillment, and the seeds of violence in all mankind.

His "All The King's Men," rated as one of the greatest novels in all American literature, has sold more than two million copies and been translated into 20 languages. It is still selling widely in both hard-cover and paperback.

Some of his other works with Kentucky-Tennessee regional flavor include "The Cave," "Flood," "World Enough and Time," and "Night Riders."

A former Rhodes Scholar and now a professor emeritus of English at Yale University, where he taught for many years, Warren has also had a distinguished career as an editor and critic. Two books he co-authored with Cleath Brooks, "Understanding Poetry" and "Understanding Fiction," which advocate close textual scrutiny, associate him with the New Criticism.

Among his many awards are the appointment in 1974 to give the Jefferson Lecture in the Humanities, The Shelley Prize for Poetry, The Sidney Hillman Award, The Bollingen Prize from Yale, the Levinson Prize from Poetry Magazine, the Houghton Mifflin Award, The Edna St. Vincent Prize, National Book Award, The National Medal for Literature, and appointment as Poetry Chair, U. S. Library of Congress.

The Lowry lecture series at Murray State is a recognition of Dr. C. S. Lowry, professor emeritus, who retired in 1968 after 43 years as a teacher on the campus. The series named in his honor was established last year to bring lecturers of national and international reputation to Murray State to enhance educational opportunities on the campus.

## Automobile Owners Will Pay More For Insurance Coverage

FRANKFORT, Ky. (AP) — A new wave of automobile insurance rate increases is washing over Kentucky, but on property damage coverage — not nofault which deals only with bodily injury.

Under no-fault, rates are frozen until July. That does not apply to other types of policies by some 430 companies doing business in this state, and many already have been granted increases.

The latest increase is an average 10 per cent, beginning May 1, by State Farm Mutual, the largest auto insurer in Kentucky.

The Insurance Department said Monday that Farm Bureau, second largest, received a 15 per cent boost last Jan. 1.

Alstate, believed the third biggest, won a 6.2 per cent rate increase last month.

A group of companies doing about half the business in Kentucky received a 12 per cent average raise last December.

Property damage covered by the increases includes policies on collision and comprehensive — fire, theft and storms.

"None of this is the result of

Kentucky's no-fault system," said Ed Fossett, legal counsel for the Insurance Department.

State Farm announced its increases from headquarters at Bloomington, Ill. None of the other firms have done so.

The state must approve all rate increase requests and hearings are held if they are challenged.

By regulation, the Insurance Department cannot approve any increase of more than 25 per cent in one year. Fossett said some firms have asked for boosts of nearly 50 per cent.

"The trend is because of continued inflation," Fossett said. "These are the direct results of property damage primarily, which includes auto crash replacement parts, labor and the higher costs of cars."

State Farm said that on a statewide basis the 10 per cent premium rise would average out to \$6.20 per six-month policy for each of 272,000 vehicles insured by the company in Kentucky.

"Since our last rate increase back in 1970, the cost of

are almost certain in bodily injury coverage which comes under no-fault.

After July 1, rate increases

## Hearings Continue Today On Events That Led To Mine Blast

WHITESBURG, Ky. (AP) — A U.S. Interior Department panel planned to continue today asking a long list of witnesses about events leading up to and surrounding explosions that killed 26 men in a southeastern Kentucky coal mine last month.

The panel, headed by Robert Barrett, administrator of the department's Mining Enforcement and Safety Administration, wants to know how the atmosphere in the Scotia Coal Co.'s No. 1 Black Mountain Mine became explosive, what touched off the blast and how such disasters can be prevented in the future.

Scotia officials and miners questioned by the panel Monday told of methane "feeders" in the mine, of tampering with ventilation systems designed to remove dangerous gases and of sparking electrical mining machinery.

Still to be heard by the investigating panel were several Scotia officials and miners, representatives of the miners' union — the Scotia Employees' Association — dozens of federal and state mine safety officials, and members of rescue teams that

went into the mine after the first explosion on Tuesday, March 9.

Fifteen men died in that blast. Their bodies were removed from the mine the following day. Work teams began a round-the-clock effort to repair roof damage and ventilate the mine so investigators could enter to find the cause of the explosion.

Shortly before midnight Thursday, March 11, another explosion ripped through the mine, killing 11 men, including three federal mine inspectors.

The mine was sealed to allow its atmosphere to stabilize, and the Interior Department investigation that began when the hearings opened Monday is to continue when the mine can be entered again — probably a matter of a month or two.

The panel heard from ten witnesses Monday. It has listed more than 50 persons as "possible witnesses" and Barrett has indicated he will continue the hearings for days if necessary to hear all the testimony, rather than trying to finish today as originally planned.

Charlie Fields, a fire boss whose duty was to inspect the Scotia mine for fire hazards,

told the panel he had detected one methane feeder — a place where the explosive gas issues from the coal seam.

Fields said he measured a methane level of 5 per cent — as high as his meter would go — at the floor of the mine.

"But when I raised the meter up off the bottom, it was clear," he said. Fields said he had logged the incident in his "fire boss book" and Barrett said MESA, which has confiscated the mine's records, would check the book for Fields' entry.

Fields' foreman, Arvil Cornett, said he had heard rumors "in December I think," of a feeder in the mine and even an ignition of gas.

Carlos Paul Smith, an operator of the continuous mining machinery used to cut coal from the seam, said he knew of at least one feeder in the area where he worked, near where the explosions occurred.

"It meowed like a cat," he said. When he and his crew turned off their machinery to eat lunch, "we could hear it up there."

But that particular feeder, he added, "didn't last more than two or three days."

## Dr. Knickerbocker To Be Leader At Bible Conference At Church

Dr. W. E. Knickerbocker from the Memphis Theological School, Memphis, Tenn., will be the leader for the Bible Conference to be held Friday and Saturday, April 9 and 10, in the Gleaners Classroom at the First United Methodist Church.

Sessions will be held Friday from seven to 9:30 p.m. and on Saturday from 9:30 to 11:30 a.m. Dr. Knickerbocker will explore the Biblical elements of Wesleyan Theology.

Dr. Knickerbocker is presently serving as Assistant Professor of Methodist Studies and Church History at Memphis, and joined the Memphis Conference of United Methodist Churches in 1973 after serving the New

Mexico and North Georgia Conferences. He received his B. A. degree from Washington and Lee University and his B. D. and Ph.D. degrees from Emory University.

The public is urged to attend the Bible Conference, a church spokesman said.

### MISS YOUR PAPER?

Subscribers who have not received their home-delivered copy of The Murray Ledger & Times by 5:30 p.m. Monday-Friday or by 3:30 p.m. on Saturdays are urged to call 753-1916 between 5:30 p.m. and 6 p.m., Monday-Friday, or 3:30 p.m. and 4 p.m. Saturdays, to insure delivery of the newspaper. Calls must be placed by 6 p.m. weekdays or 4 p.m. Saturdays to guarantee delivery.
